Retail scan partners

Four times each year, the SpartanNash Foundation invites store guests and associates to join us in supporting local nonprofit organizations that align with our mission. During these retail scan campaigns, store guests are invited to make a donation at the register. In partnership with the Foundation's financial contribution, 100 percent of funds raised by the Foundation during these initiatives go directly to the causes we support, as our company underwrites the cost of all fundraising campaigns.

Grants

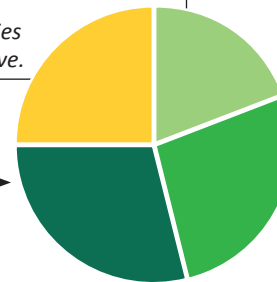

The SpartanNash Foundation invites nonprofit organizations that align with our mission to submit a grant application. Grants are approved quarterly by the SpartanNash Foundation Board of Trustees. Each year, our wholesale and MDV distribution centers also personally select local food pantries to receive \$5,000 donations through the Foundation. Since 2015, the SpartanNash Foundation has awarded grants to more than 50 nonprofit organizations throughout the communities we serve.
